

100% Recyclable Keder Edging

Overview

Flat Premium SRK Silicone Replacement Keder is produced from Polyethylene, TPE, which conforms to REACH and is absolutely 100% recyclable.

The factory buys plastic waste from other production companies which is then made into reusable raw material for products such as flat keder for SEG frames. Their own waste from production is also reused.

Advantages:

- Premium SRK is not covered with fine powder - no dust on dark textiles
- Premium SRK is recyclable.
- Easy to sew with superb results every time for tension frames and displays.

Profile	Rectangular
Material	Non PVC Recyclable
Colour	Transparent silicone appearance
Hardness	55 (±3) Measured as Shore A at room temperature
Packing	200 metre carton spool
Dimensions	12 x 3mm and 13.9 x 2.9mm
Processing & Storage	Keep out of direct sunlight, heat or humidity. Process at 20°C to keep the characteristics unchanged. Store in a dry and ventilated area
Disclaimer	This sheet is intended to provide only general information the accuracy or completeness of which cannot be guaranteed
Conditions of Sale	Supplied under Atech Terms and Conditions of sale a copy of which is available on request or can be viewed at www.atech.co.uk
